

Bunny Class Notes October 2018

"His feet are now on the path which leads to normality: Concentration is the key."

"Concentration is the key that opens up the child's latent treasures within him."

Dr. Maria Montessori, Her Life and Work

It is a joy to observe all the children concentrating on their daily work in our environment. We know that when the children can concentrate, development and growth are going on with each child. The essential thing is for the task to arouse such an interest that it engages the child's whole personality.

Happy Fall! The children had a great time on our nature walk. They were busy collecting acorns, leaves, pine cones and sticks around our school. We ended our walk with a beautiful leaf collage.

October is Fire Safety Month. The Savoy Fire Department will visit our school on Tuesday, October 9th for a presentation. This month we will read many books about fire safety and will learn several fire safety songs.

A big "Thank You" to Ezra, who we dressed as a firefighter. We talked about the important clothing that the firefighter must wear to protect themselves when fighting fires.

Thank you to all the parents and grandparents who volunteered for our field trip to Curtis Orchard. The children had a great time choosing their favorite individual pumpkin and we had a great time voting for a big pumpkin for our class.

Our Fall Celebration is scheduled for October 31st. The children will have a special snack and carve our class pumpkin along with a great pumpkin art project. Costumes are not allowed during our celebration, but the children may wear special T-shirts or headbands, etc. for the party. In November we will have our Fall Parent Teacher Conferences. If you have concerns or questions now, feel free to leave me a note or contact the office and we can schedule a meeting about your child. We will begin to explore and study our Continent Unit in November.

Mrs. Peat

Thank you again for sharing your wonderful children with our Bunny Class.
