

Duck Morning Notes

We have been busy studying North America and making flags of different countries of this big continent. We will continue learning landmarks and the cultural aspect of each continent. In the coming weeks we will celebrate Hanukah with help of a parent volunteer, followed by holiday celebrations.

December is known for celebrating peace, holidays, customs and traditions. We will make holiday crafts, peace signs and peace words in different languages, and will bake. We plan to bake creative cookies in our morning class.

Some of the practical life activities this month are: sock washing, table scrubbing, button sewing and bracelet making. As outdoor activities are limited in winter, we will engage in movement with music, yoga, indoor exercise and games.

We hope for a peaceful holiday season for all. Happy holidays and a happy new year.

Ms. Kesar and Ms. Johnson
