

Duck Extended Day Notes, Feb 2019

We had fun making stone soup and snowflake crafts in Jan. Valentine crafts and heart shaped cookies and muffins are some of the projects for February.

We've been reading "The little Polar Bear" series by Hans de beer. Children loved reading the story of Lars, the polar who rescued so many animals and took them home. This month we will read the story of the Little Red Riding Hood and will add the felt board story. This gives children an easy tool to create the story using pieces of felt figures and printable sheets. This is a great practice for language, sequencing and imagination. We hope to have a great time with these lovely activities.
