

KITTY ROOM - AM Class

December 20, 2018

“Establishing lasting peace is the work of education; all politics can do is keep us out of war.” -Dr. Maria Montessori-

The Kitty Room has been learning about holiday traditions from different cultures through stories, poems, songs and hands on activities such as lighting a menorah, spinning a dreidel and making Christmas decorations. Our journey through the continents has begun with a focus on North America. Montessori materials on our geography shelves highlight the wildlife, landforms and natural resources of this continent. Some of the children have enjoyed making flags representing North American countries as well as tracing and pinning out the country shapes to form a map of North America.

Thank you for the festive napkins and snacks that helped us celebrate the holidays as a class.

Wishing all of our Kitty Room families a happy holiday season and a healthy 2019 full of peace!

Sincerely,

Ms. Lynn Holland
