

KITTY ROOM – Extended Day Class

September 30, 2018

The Kitty Room extended day students have been mastering American Sign Language at an impressive rate! Our lessons are based upon American Sign Language educational materials and the Emmy nominated series “Signing Time with Alex and Leah”. The children have enjoyed learning several new animal poses in Yoga which we reinforce with group games and Wai Lana’s program for *Little Yogis*. Spanish lessons have continued with greetings, counting to twenty and the primary color names. The children like to play Bingo in Spanish. During our literacy skills focus time, the children retold “I Went Walking” with accompanying props. We finished our chapter book “My Father’s Dragon” and celebrated by making butter with the help of a large stuffed tiger! (Please ask your children to tell you how this related to our book.) Currently, we are reading “Pierre” and discussing fables/moral tales. During October we will continue our studies and enjoy some autumn inspired crafts and cooking.

Sincerely,

Ms. Lynn Holland
