

KITTY ROOM - AM Class
February 27, 2019

The Kitty Room enjoyed a wonderful Valentine's Day celebration with the exchange of cards and a special group snack. Thank you to the families that generously shared food and festive napkins with the children for our Valentine's Day party!

Our geography shelves have been full of activities related to the continents of Europe and Asia during February. From photographs of children from these continents, as well as examples of native dress, coins and stamps, the children have enjoyed many opportunities to learn about our European and Asian global neighbors. Many Kitty Room friends have made flags and maps representing countries on these continents.

Happy February birthdays to Ainsley and Armani!

Sincerely,

Ms. Lynn Holland
