

## Parent Toddler Community

The Parent Toddler Community introduces children (ages 15 to 35 months and their parent/guardian) to a prepared Montessori learning environment. The classroom is a welcoming and nurturing place for families to learn about child growth and development.

- A certified Montessori teacher guides families through the classroom, demonstrates educational materials and provides feedback regarding the Montessori Method and topics related to the process of toddler maturation.
- Areas of the curriculum include: gross motor development, sensorial learning, practical life exercises, beginning artistic expression, math, literacy skills/language development, a self-serve snack table and a quiet corner for enjoying books
- Dr. Montessori's philosophy of education supports the child's developing concentration/focus and joy in discovery. Respect and care of self, others and the environment are always encouraged.
- Cognitive, emotional, and physical growth is reinforced across all parts of the program.
- The Parent and Toddler classroom environment is not set up for crawling infants. Participants with mobile infants are encouraged to find alternative care during Parent & Toddler class. If you have questions, please see the MSCU office.
- The one-day session fee is \$75 (5 classes), two-day session fee is \$150 (10 classes) and the three-day session fee is \$270 (18 classes).
- There are NO "make-ups" for classes missed.
- MSCU will prorate families for classes not attended this session due to holiday vacations, please see the MSCU office for additional information.
- There are NO "make-ups" for classes missed.
- Group days are subject to change based on session enrollment numbers.
- For planning purposes, enrollment forms are due 1 week prior to session start
- Feel free to contact MSCU office, with any further questions. Phone: 217-356-1818 or Email: [lsecretary@montessorischoolofcu.org](mailto:lsecretary@montessorischoolofcu.org)
